# About Us

We “Pegasus Profiles”, are pioneers in manufacturing PVC edge band tapes in North India. We have established ourself as trusted and well-known name in plastic industry over the last 35 years. The company’s reputation and success has grown on its commitment to serve best quality products at competitive prices. With our quality controlled production lines operating in 24-hour facility, company is always ready to meet the edgebanding needs of its distributors and clients across India. Pegasus expansion strategy is to increase plant capacity beyond order levels so that quality and service are superior even during periods of exceptional growth. We are using the highest and imported quality raw material that is sourced from the most reliable vendors of the industry. We have created a hi-tech manufacturing unit with state of art facility. Our edge band tapes are highly demanded in the market for their features like smoothness, proper cutting and durability

## Key Features:

Manufactures high-quality (ISO 9001-2008 certified) plastic edge bands used in modern furniture made of Particle boards MDF, Plywood and similar products . Pegasus is one of the top producers of PVC edge band in India and first manufacturer in North India.

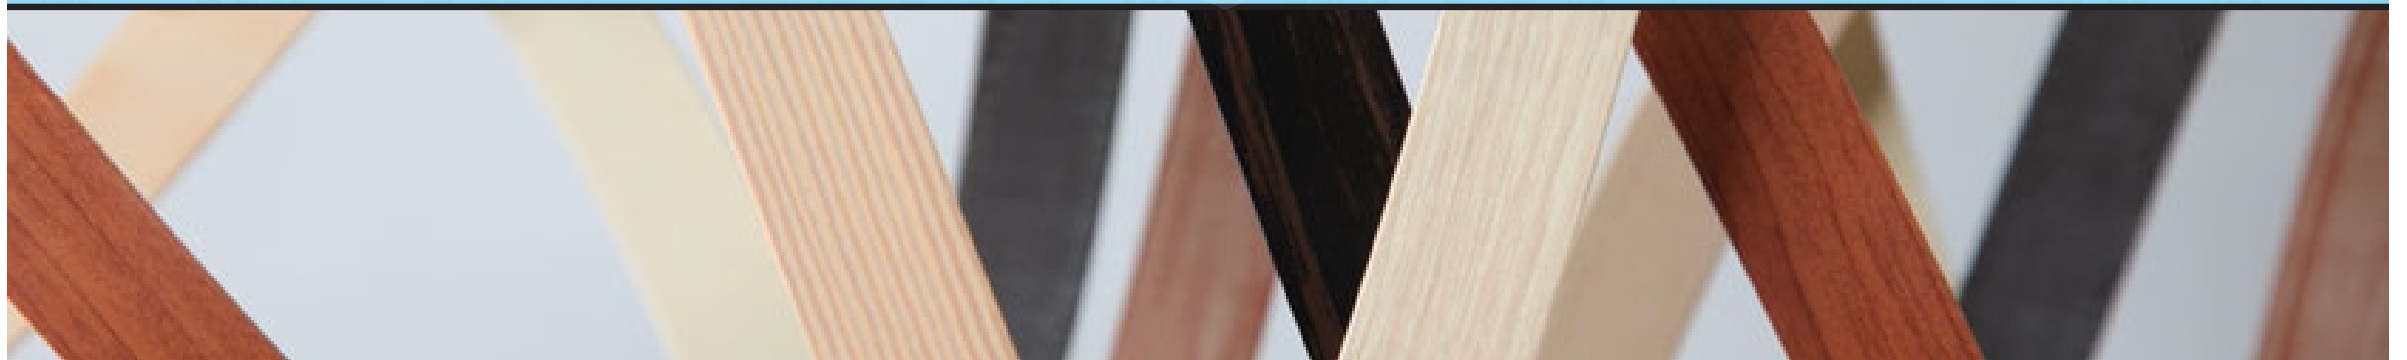

Our range of edgebands (PVC) comprehends more than 130 references of solid colors and woodgrain patterns with several surface grains available in different width and thickness.

## Advantages:

Special formulation assures for long-term use that retains the original gloss and color.

Durability with extra power and strength to resist abrasion.

Carpenter friendly due to uniform, well-sanded back surface made by an imported sander machine that ensures better adherence

# Why Pegasus ?

A few reasons why we are most preferred manufacturer of pvc edge band tape in the industries.

- First Manufacturing unit in north India.
- Complete in house production
- Wide range of products.
- Lowest Lead Time
- Cost Effective Products
- Unparalleled customer service
- Efficient and expert team
- State of art infrastructure

## Infrastructure

Our manufacturing unit is facilitated with most advanced machines and equipments to process the raw materials and hence produce fine quality output. The workforce of the company comprises of eminent engineers and designers besides various skilled and unskilled manpower. We have our own warehouse which is built in tandem with latest safety and security measures.

## Team/Quality Control

Small but efficient team which manages the operation with the vision to expand globally.

# Uses Of Edgebands

Furniture made from melamine and post forming board has become very popular now a days.

In order to cover these areas and in search of more aesthetic products, the edging have been developed. Edgebands are one of the most important accessories for the furniture industries, not only because the upholstery decorative finish but also from the technical features, as edgebands protect boards from the impacts and the humidity.

We offer different types of edge band, classified according to their material and function for what they have been designed. Now a days the most relevant are the thermoplastic pvc edge band.

Product uses :

- Residential uses
- Commercial uses

Product Sizes :

- Sizes from 0.45mm - 3mm thickness to 16mm - 65mm width.
- Customized sizes can be organized.

Product colors range :

- Solid color
- Wooden shade
- High Gloss
- 3D Shade

# Edgeband Glue

Now Pegasus has come up with its own glue for manual and industrial Pegasus glue.

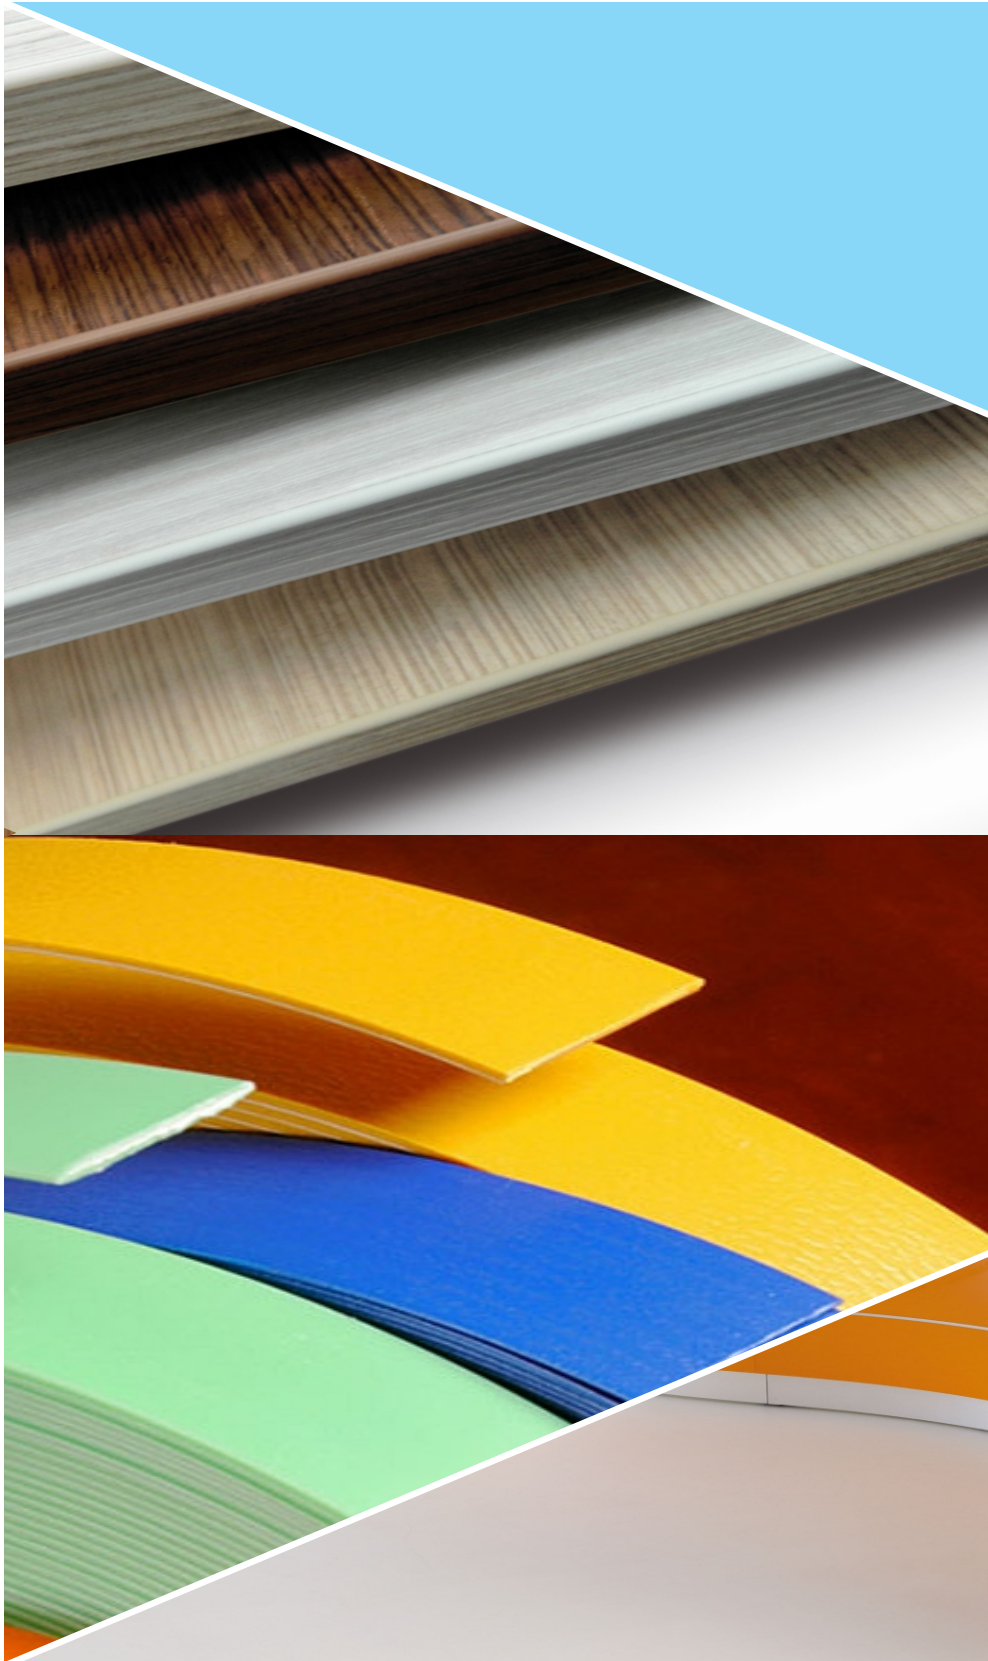

Pegasus Glue comes in both small & large packaging and it provides very powerful bonding between PVC Edge Band and Boards.

## Range of Glue :

### A) Hot melt Glue

### B) PCV to Wood Glue
